Our most relevant projects:

Virtual Center-Spanish Cooperation

Promoted by SGCID, it aims at sharing information and articulating dialogue among Spanish actors in the field of cooperation. A portal has been developed, together with its contents and the boosting of collaborative activities.

INTERCOONECTA

It is the AECID's (Spanish Cooperation) knowledge management strategy. CEDET collaborates in the development of the IT tool as well as the training activities and the creation of knowledge communities.

Virtual Training Plan. Public Administrations in Latin America

Financed by AECID, this plan includes the development of 55 online courses and the boosting of 15 virtual networks of experts in different themes related to the public sector.

Trainign Program on Trade Integration in Latin America and the Caribbean (BID)

The objective is to promote the global regional integration process in Latin America and the Caribbean, in the field of trade and customs searching to create and sustain a critical mass of civil servants trained and sensitized about the needs and opportunities thereof. Since 2011, 109 courses have been taught, training 4.116 professionals from the sector from 548 organisations in the LAC region. During the first semester of 2016, 780 professionals through 26 on-line courses are expected to be trained.

EC-International Trade Negotiations in Bolivia (PROEX)

Bolivian diplomats were trained in the fields of foreign trade and international negotiations, as well as personnel from the private sector and other ministries, with 128 beneficiaries.

EUROSOCIAL

Program financed by the EC in order to improve the social cohesion in LA. CEDET coordinated the Transparency and Fight Against Corruption component. More than 61 activities, such as meetings and technical assistance were developed with 723 beneficiaries.

National Federation of Coffee Growers of Colombia

CEDET Foundation, in collaboration with Universia Colombia, developed this project for the National Federation of Coffe Growers of Colombia, with the objective of improving the sustainability of the rural area where coffee is grown and the living conditions.

EC- Virtual Campus in the Forestry Sector in Honduras

The Foundation created this virtual campus and taught different courses in order to improve training of the Honduras forestry experts.

SICA-Training of Police Officers

The General Secretariat of the Central American Integration System (SICA) promoted this project with the support of the Spain-SICA Fund where CEDET trained more than 145 police officers from the region.

WB-Platform of the improvement of sustainable infrastructures in LAC (KPESIC):

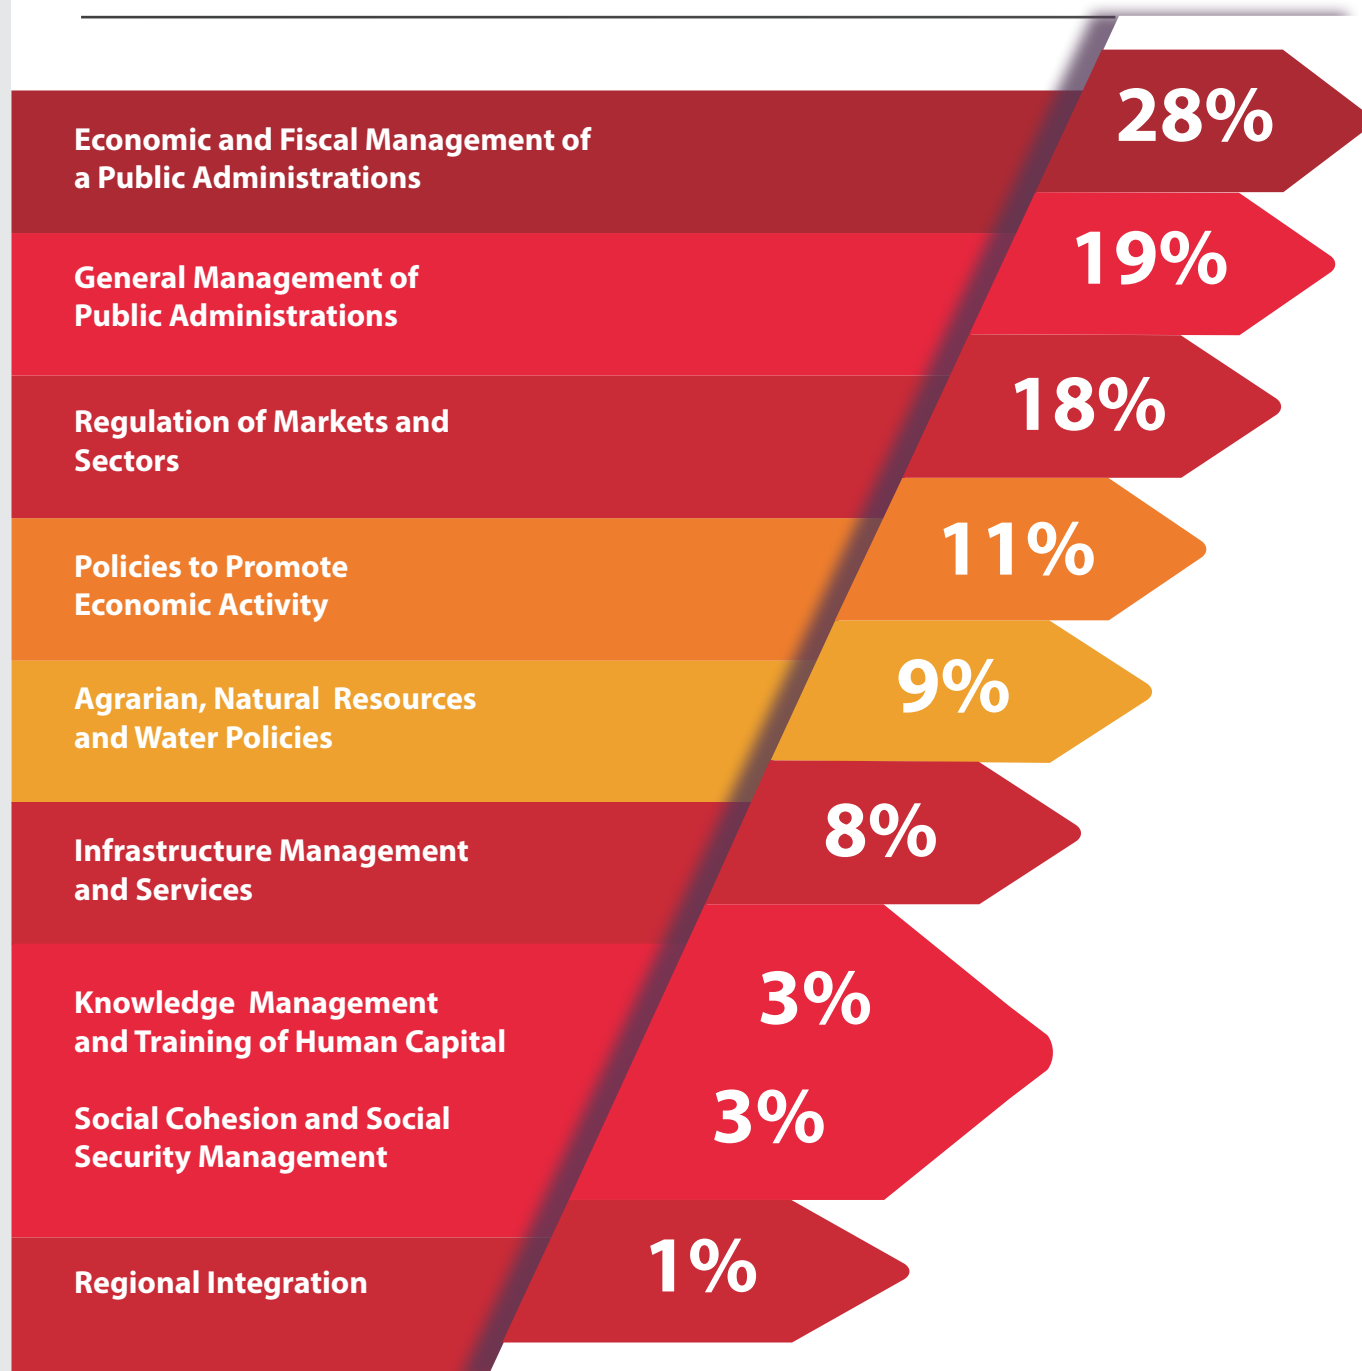

A portal was created to gather the public and private sectors, universities and civil society in key infrastructure sectors and their sustainable development.
